## ► WORK EXPERIENCE

### NATURAL ICY MARKET

12/10/2023 - 02/15/2024.

- Led the development of an online store for a natural store, overseeing the backend and ensuring the quality of the **frontend** code.
- Took on the role of **Team Lead**, effectively leading a multidisciplinary team composed of designers, community managers, and product managers.
- Developed and optimized the **backend**, ensuring its **functionality** and **efficiency**.
- Outcome: Achieved a visually appealing website, contextually relevant to the **commerce**, and highly functional.

## ► PROFESSIONAL PROFILE

### FLART

05/30/2023 - 07/20/2023.

I developed a functional online store using **ReactJS** and **Firestore** for data manipulation. Completing this project enhanced my abstraction and critical thinking skills, allowing me to produce strategically more efficient code.

## ► EDUCATION
